Hitch Installation Instruction

REV.20241201

Part#	HT-X32110	Application	For 2000-2002 Ford E-150/E-250 Econoline\2003-2014 Ford E-150/E-250\2000-2014 Ford E-350 Super Duty
--------------	-----------	--------------------	---

Step	Description
1	Assemble Hitch Body (A) and Mounting Brackets (B, C) with (8) M12X1.75-35mm Hex Bolts, (16) M12 Flat Washers, (8) M12 Hex Flange Nuts.(Hardware in "HW A").
2	If present, lower carbon canister from driver side frame rail.
3	Install forward and rearward carriage bolts and spacer in frame rails as shown. (Note: On E-150 models using the hitch as a template drill as shown above and enlarge holes as needed.)
4	Raise hitch into position and hand tighten forward and rearward fasteners to both rails as shown.
5	Install center carriage bolt and spacer in frame placing flat washers between rails and hitch as shown. (Do not overlap spacers)
6	Torque M12 fasteners to 58 lb-ft.
7	Reattach carbon canister if present - carbon canister must not contact bolt head, if it does, loosen canister fasteners and reposition to ensure clearance with bolt heads.
***Periodically Check The Receiver Hitch To Ensure That All Fasteners *** Are Tight & All Structural Components Are Sound.
